I can see our high don't come so quick no more
Seems you get your kicks from at some other store
Still come around when lucks down
And you're all alone I'm sure
Well i ain't gone be there
I ain't gone be your love no more
CHORUS(2x):
If there aint nothing that we can do
It's cool
I'd rather be alone and onto something new
Tell you what let's push all excuses aside
Don't worry about my feelings
What you got something to hide
I gave you all that i am
You kissed me so soft then lied
I know you're off sides baby
I see those tables don't tilt right
CHORUS2x
And then you wonder why
I need sometime to myself
You're the reason why
I want to be by myself
And then you wonder why
I want to be alone
You're the reason why
You're the reason why
And in the middle of the night i can hear you
wondering
And in the middle of the night i can hear you
wondering
Are there some things that i should know
You aint fooling me
CHORUS4x
