I can see our high don't come so quick no more
Seems you get your kicks from at some other store
Still come around when lucks down
And you're all alone I'm sure
Well I ain't gone be there for you
I ain't gone be your love no more

[Chorus:]

If there ain't nuthin' that we can do it's cool
I'd rather be alone and onto something new

Tell you what let's push all excuses aside
Don't worry about my feelings
What you got something to hide
I gave you all that I am

You kissed so soft then lied
I know you're off sides baby
I see the tables don't tilt right

[Chorus]

And then you wonder why
I need some time to myself
You're the reason why
I want to be by myself
And then you wonder why
I want to be alone
You're the reason why

And in the middle of the night I can hear you wonderin'
Are there some things that I should know
You ain't fooling me

[Chorus]
