Searching for the truth
Where should I look around
The T.V. channels can't
Stop going round and round
Pathetic shows
There all controlled
Big Brothers changed the sounds
We all know the
Right wing pays the crowd
He's watching you now
Suddenly I've notices that it's no a game
We're so well programmed
That everybody thinks the same
And I can't take it
There's so much more to understand
So much information kept in
Government hands
I won't accept it anymore
You can't show that on T.V.
Reflects too much reality
Don't want anyone to know
What's really going on
Don't want to know what's going on
Don't want to know what's going on
Going on
Going on
Search for the truth
There's nothing you can do
You're searching for the truth
There's nothing you can do
