I don't think you understand
I do not think you comprehend
What's in my mind
I don't know if you realize
The consequences of your lies
And in the end
I don't think you realize
There's got to be a light in the end
No one can tell if it was planned
You understand

There's got to be a light in the end

I don't want to be involved
I've never asked to be a part of this

There's got to be a light in the end
No one can tell me
What the fuck is this
