[Illogic]

Person I am, soul will grow you are a crowd to

My journies of unorthodox, origin

Others thought I shouldn't have been allowed, to, give

To me as I am, givin you a part of myself

Expanding beyond my-self

Standing alone as part of an invisible unit, six

+Unforeseen Shadow+, foreseen is my rebirth of  
righteousness

Thanks to friends, the apple of my eye is ripe and  
you've plucked it

Allowing it's continous ability to regenerate

in the depths of your essence

Time will tell what is to come

Life will tell what is to be

Follow the path to love and not self-hatred

and, thrive on experience's nectar and flourish

Be the honeybee and gorge with pollinating intentions

Be the angel lost on the search for the love of life

that has been abandoned

Live life as the trees do and

germinate as the seeds do

Explore with an, +Unforeseen Shadow+ in hand and be

Be as you never were

Allow inspiration to overshadow your displacement

Appreciation is my, option for enjoyment to give as

it is given to you my, fellow deviants

The fires of, all that is now with, all that is right

Be, as you never were

Just, be..

Enjoy..
