The master of love yet a ruler of hate  
To worship a life or sealing a fate

The slayer of hope leads the seeker astray  
To open the chest and breakup the key

Indeed its the end of an infinite smile

Dead warden dreamer  
Within a dark-hearted chest  
Veiled obedient keeper  
Let my eyes be greedy  
Dead warden dreamer  
Within a dark-sighted face  
Sad unseen savior

The warden of dreams  
Adheres me to my path  
To find my deathbed  
In his dark-hearted chest

We praise the land of horror, wheres the future in  
tomorrow  
We raise the hand of God for what we hate in our  
existence  
We leave the loved in sorrow, theres no future, no  
tomorrow  
We bear hatred towards someone who once has played  
with  
our heartbeat

Dead warden dreamer  
Within a dark-hearted chest  
Veiled obedient keeper  
Let my eyes be greedy  
Dead warden dreamer  
Within a dark-sighted face  
Sad unseen savior

We are empty as our dreams, theres no hope, not for  
tomorrow

Our lies should bring us through the years that should  
have followed

Dead warden dreamer  
Within a dark-hearted chest  
Veiled obedient keeper  
Let my eyes be greedy  
Dead warden dreamer  
Within a dark-sighted face  
Sad unseen savior
