Could it really be the end of the line?  
A way too short a tiny spark in time  
Look back and cry over all the things undone

Open your eyes my fallen one  
And leave your tears behind  
They will be dried forevermore  
This path leads to a better life  
Come with me into the light  
And I will heal your aching soul  
Walk with me over blackened waters  
To cleanse your fainting heart

Take my hand follow me  
Draw a last breath and cease to be  
In life no one ever gets enough time  
So bear a last farewell to all you leave behind

There would be so much to give (Heed not the  
blackbirds call)  
Yet so much more there is to lose (For he is only pain  
and grief)  
Regret (I am) your sins (eternity)  
And hope for a clean cut

Have no fear of the world beyond  
Everyone is bound to go  
After death there lies no threat  
If you let go theres just ahead  
In the darkness we unite  
And fulfill your wildest dreams  
I was chosen to guide your way  
I am your precious memories

Raise my soul now

Take my hand follow me  
Draw a last breath and cease to be  
In life no one ever gets enough time  
So bear a last farewell to all you leave behind

There is no heaven no hell to gain  
One neither lives nor dies in vain  
Thy beauty within constant fall  
A paradise to bloom in all

Take my hand follow me  
Draw a last breath and cease to be  
In life no one ever gets enough time  
So bear a last farewell to all you leave behind
