Prayers to a gentle guardian echo through the air  
I sadly treasure every word  
Locked into a narrow lair  
As the shepherd of your herd

Dependent souls and wonders to lift them up  
I am but the spirit the cause flees with time

Just pull on a string  
Hope, hate, surrender bathing in the twisted splendor  
of another deceived king

Desperate pleas to a savage master dance within the  
wind  
Hatred in each clouded stare  
Raging of a world that sinned against a load it cannot  
bear

Fallen fools poured their blood on my hand  
I was just created to turn the other cheek

Just pull on a string  
Hope, hate, surrender bathing in the twisted splendor  
of another deceived king  
Flexible commandments gifts from a hallowed illusion

I am to blame for all cruel fates  
I am to praise if fortune smiles  
I am the one to bow my head  
I am to stand up to all your lies

Forever a king with forced crown  
Deliver me from evil

On my throne above the floods  
And watching from a lonely sky  
Id gladly give my heart to you  
For one unexpected smile

Just pull on a string  
Hope, hate, surrender bathing in the twisted splendor

of another deceived king  
Just pull on a string  
Greed, anger, vice bathing in the pure salvation  
raining from my sacrifice
