[She:]

Wash away my sorrow  
Leading the life that I forced myself to breathe  
And now the voices are in silence  
Then I can hear my wishing thoughts again

Free my wings  
Free my soul

[He:]

How cold can the taste of life be in this hall of shame?  
With me you'll never see your light burn

[She:]

Now I can see your face

[She:]

Shedding all the tears of the lost values inside my  
senseless life  
Every single thought of dignity became my reborn soul  
again

Free my wings  
Free my soul

[He:]

How bright can the dark be with this candle flame in  
you?  
Look me and drop your burning hope

She

Now you can see my face

[He:]

God knows how your soul will return now  
There's no regret without some pain

Leave your thoughts aside with agony  
Giving our destiny  
The shades of God will never be  
The shield of your regrets from this nightmare

Now you are free  
To run from me

[She:]

Goodbye, my old God, my enemy, my friend  
It's time to leave you; I now know who you are  
My soul will rest in peace and go to where I should now  
be

Good bye?
