In the good times and the bad times, we've all been  
there  
Through the ups and the down times when no one  
cares  
When time keeps on passing and you're missing out  
(missing out)  
Just remember forever, we have the rest of our lives  
(The rest of our lives, the rest of our lives)

Turn it up ay, tu-turn it up  
Tu-turn it up

It's our time don't waste it  
It's our time don't waste it

We're coming up, the future's mine  
Hate to say it, but it's our time  
We're in the spotlight, it's a show  
Might bust a bust, just let it flow  
Can't hold us down, we're on the rise  
Just got a little high desires  
My oh my, it really is the sky  
If you don't like it, put it on standby

In the good times and the bad times, we've all been  
there  
Through the ups and the down times when no one  
cares  
When time keeps on passing and you're missing out  
(missing out)  
Just remember forever we have the rest of our lives  
(The rest of our lives, the rest of our lives)

Turn it up ay, tu-turn it up  
Tu-turn it up

It's our time don't waste it  
It's our time don't waste it

Turn it up, you know what we do  
If it ain't a good time then what's the use (blah blah

blah)  
At the age of 2, (?) to watch me (?)

Throw your hands up  
Get 'em high, that's what up  
We all want the good life  
Do what you feel like  
Throw your hands up  
Get 'em high, that's what up  
We all want the good life  
Do what you feel like

It's our time don't waste it  
It's our time don't waste it

Throw your hands up  
Get 'em high, that's what up  
We all want the good life  
Do what you feel like  
Throw your hands up  
Get 'em high, that's what up  
We all want the good life  
Do what you feel like, feel like, feel like  
Do what you feel like

It's our time don't waste it  
(That's what up)  
It's our time don't waste it
