Mickey the mumbling midget  
was ten years old today  
Mickey the mumbling midget  
somehow ran away  
Mickey the mumbling midget  
was not in his cage  
Mickey the mumbling midget  
soon would need a shave  
Lassie looked at something shapeless lying on the lawn  
Scratchy at some scabby sores and stretching as it  
yawned  
It seemed to be uneasy as it looked up at the moon  
She sensed the tension in the air and smelled a sweet  
baboon.  
Pungent was the warm aroma drifting in the air  
She hoped he would smell her heat and lick her  
silken hair.  
Run Mickey run  
Run Lassie
