you triumphed over will you had immunity to kill you
had your dreams fulfilled and i love you still but there's
a power beyond

control there's a fire in the hole ah the nights are
getting cold all your secrets will be told turn your
lanterns low

as long as you can dig up proof as cold as water
through the roof brutal as depicted truth that kid's a
f*ckin goof turn your

lanterns low but there's a power beyond control there's
a fire in the hole yeah the nights are getting cold all his
secrets will be

told turn your lanterns low alright

i'd like to stand up soon and show i'd like to let some
people know i'd turn my bucket over i'd turn my lantern
low but there's a

power beyond control there's a fire in the hole yeah the
nights are getting cold all my secrets would be told
turn your lanterns

low alright alright
