you kissed my fingers and made me love you

Last night when we went to hell...When the blood-starred curtain fell...Men were turning on their machines, making everything mean...Fires burned, cold values clashed...Good and evil were all dry grass...No child-ghost, no singing bird, no last laugh, no last word...oh...Last night I dreamed, last night I dreamed darkly nurtured dreams...None of them were quit as frightening...oh...Canada emptied, there was me, featureless and freezing...Last night I dreamed you didn't love me

you kissed my fingers and made me love you

Last night you left me derelict...and disappeared for ages...You just said 'honey sane those tears of yours for the show, oh Last night I Dreamed, last night I dreamed darkly nurtured dreams...none of them were half as frightening...oh...Canada emptied there was me, beside you, featureless and freezing

Last night I dreamed you didn't love me. You didn't love me...What's happening to you?

Why don't you love me like you use to?

When you kissed my fingers and made me love you

When you kissed my fingers and made me love you

last night I dreamed, last night I dreamed darkly nurtured dreams...None of them, none as frightening,...oh...Awake empty and out of sleep, you were beside me gently breathing...Last night I dreamed you didn't love me

You didn't love me

You didn't love me

Why don't you love me like you use to?

When you kissed my fingers and made me love you

When you kissed my fingers and made me love you
