does your mother tell you things? long, long when i'm
gone? who you talking to? is hse telling you i'm the
one? it's a grave

mistake and i'm wide awake

drive-in's rained out weatherman wet-fingers the sky
he pokes it out, he pulls it in he don't know why it's the
same mistake

it's been a long time running it's been a long time
coming it's well worth the wait

we dont' go anywhere just on trips we haven't seen a
thing we still don't know where it is it's a safe mistake

it's been a long time running it's been a long time
coming

well, well it's all the same mistake dead to rights and
wide awake i'll drop a caribou, i'll tell on you i'll tell on
you, i'll tell on you

you've got a boat-load o'nerve but i would say you've
been told you work me against my friends and you'll
get left out in the

cold it' the same mistake

it's been a long time running it's been a long time
coming it's been a long, long, long time running it's
well worth the wait
