I don't wanna put another thought  
in my head.

The hummingbird is cleared for  
maintenance,  
evacuating long after it made no sense.  
It's not so much a load and stay any more  
as a gotta-get-down-the-road-before-the-  
temperature-soars.

I don't wanna put a little thought  
in your head.

Diplomacy goes even better with drinks  
(until the big city trees began to shrink.)  
it's not so much a load out and stay  
anymore  
it's gotta get down the road before the  
snarling traffic roars.

I don't wanna ask you,  
'What you got in your head?'  
I'm not gonna ask you  
a whole bunch of questions.

OK, we agree to disagree....  
Giving up....Giving Up the Embassy  
is a whole lot better than,  
The Embassy's Surrendering.

Flying home under the approval of the stars,  
I couldn't be more at home with the way  
things are so hard.  
It's not so much a load-out  
and stay anymore  
its a gotta get down the road before  
the confetti cannon blows  
with litigious force.

I don't wanna ask you,  
'What you got in your head?'

I don't wanna ask you,  
'Whatcha been thinking?'

I don't wanna put another  
thought in my head.

I don't wanna put another  
thought in my head
