I'm the fear in the night, have a senseless mind
I'm crawling out when it's dark outside
I am from the other side
Only visible to those who want to see
Trembling when they see me
I am the Lord of Evil
Welcome to my home
I will show you fear and evil, Rage and fury
It's useless to put up a fight with me
Cause I am the prince of the night
You fear me!
Welcome to my home
Now I hear you say you're sorry
Welcome to my home, now I got your soul
It's a place where fear and evil
I stay away from the light, cause it hurts my eyes
I'm haunting you when darkness falls
Stay at home and lock the door
You can't hide, you can't survive
Welcome to my home
Now I hear you say you're sorry
Welcome to my home, now I got your soul
It's a place where fear and Evil collide
This place has no mercy for you and me
There's no way that you can break free
Want you come inside?
You can't escape there is no way out
Welcome to my home
I will show you fear and Evil, Rage and fury
It's useless to put up a fight with me
Cause I am the prince of the night you fear me
Closing guitar solo: Bob Katsionis
