What can we do? Both me and you
The world is starving, we're turning our back to it all.
Preachers are praying, children are playing
Someone's lying and someone is climbing the wall
The reason to live is the key to it all
And Learning to give then we're not gonna fall
The world is not enough for us
Boundaries that we have to cross
We're living in a world of greed
We want it all, but who is giving?
It's the sign of today
In the Land of the free, they're watching TV
When someone's dying
There is no tear in their eyes
Women are killed, children are killed
When the army's coming
There is no way to survive
The war has begun and the strong will survive
The world is not enough for us
Boundaries that we have to cross
We're living in a world of greed
We want it all, but who is giving?
It's the sign of today
It's the sign of wrong decisions
People trapped in tight positions
Don't get close, you'll burn you fingers
We're on the outside but we can't go in
