Well you can give me all your love
And anything else you got too
But dont pay it any mind
If it seems like Im acting cool
Well you can dress me in your mirror
Give me kisses forever and a day yeah
But theres just one thing
You dont have to say
You dont have to say you love me
And you dont have to say any prayers
No you dont have to say you love me
Baby its alright
Cos honey I dont care
Oh baby I dont care
Oh honey I dont care
Oh honey I dont care
Well you can turns the lights down low
Somethings are better that way
And you can tell me all your stories
But please spare me the plays
Cos you dont have to say you love me

And you dont have to save any tears

No you dont have to say you love me

Baby its alright

Cos honey I dont care

Oh honey I dont care

Oh baby I dont care

Oh honey I dont care

Deep in your eyes

I see your thoughts

I know you want me

Sometimes it hurts

But you know that some things

Are best left never said

Cos you dont have to say you love me

And you dont have to say you care

No you dont have to say you love me

Baby its alright

Cos honey I dont care

Oh when I tell you baby

I dont care

Oh baby please believe me

I dont care

Oh when I tell you baby

I dont care

Oh baby please believe me

I dont care

Oh baby please believe me

Dont you see that I dont care

I dont care

Oh honey I dont care

You know, you know that I dont care

You know, you know

That you dont have to say you love me

And you dont have to say you care

No you dont have to say you love me

Baby its alright, oh honey its alright

Oh baby I dont care
