7 deadly sins
That's how the world begins
Watch out when you step in
For 7 deadly sins
7 deadly sins
That's when the son begins
(7 deadly sins)
(sin number one) was when you left me
(sin number two) you said goodbye
(sin number three) was when you told me
a little white lie.
7 deadly sins
Once it starts, it never ends.
Watch out around the bend.
A 7 deadly sins
(sin number four) was when you looked my way
(sin number five) was when you smiled
(sin number six) was when you let me stay
Sin number seven
Was when you touched me and told me why.
7 deadly sins
So many rules to bend
Time and time again
7 deadly sins
