Lyrics to Might Like You Better:

I Might like you better if we slept together x2

I might like you better baby lets get together baby

Wanna hold you get to know you

Show you what I got in my sweater baby

Love the red hair, the ***** in charge

If you settle for a little maybe we can see stars

Get large get hard go **** go far

When I touch it watch it **** see my money and my

I.I.I.I.

Repeat

Ride no lie just get inside me

Like you better if you just ride me

Grind me try me watch me finish

I like you better if you get up in it

Might like you better if we slept together x4

Together

Im not waiting on Ya don't take to long

don't waste my time just take me home

I Got something for you believe its sweet

Lets go I moan like a cat in heat

Go go go let low and blow

Let me give you something to grab and hold

Wanna know how you go

I catch you tho

Cheap cheap damn trick

Get off the floor

Cuz Ya Baby I got what ya need

don't **** with them chicks just **** with me

When were down we can quit it we don't need ta go together

Just let me hit it once and let me hit it once and underâ€¦!

I might like you better if we slept together x4

Just take me home (break down) x 4

Im not waiting on Ya don't take to long

don't waste my time just take me home

I Got something for you believe its sweet

Lets go I moan like a cat in heat

Go go go let low and blow

Let me give you something to grab and hold

Wanna know how you go
I catch you tho
Cheap cheap damn trick
Get off the floor
Cuz Ya Baby I got what ya need
don't **** with them chicks just **** with me
When were down we can quit it we don't need ta go
together
Just let me hit it once and let me hit it once and and
underâ€¦!
I might like you better if we slept together x4
When i'm alone in my room
Sometimes i stare at the wall
And at the back of my mind i hear my conscious call
Telling me i need a boy who's as sweet as a dove
For the first time in my life, i see i need love
There i was giggling about the games that i had played
with many hearts
And i'm not sayin' no names.
Then the thought occurred, tear drops made my eyes
burn
As i said to myself when am i gonna learn?
I can feel it inside, i can't explain how it feels
All i know is that i'll never dish another raw deal
Playin' make believe, pretending that i'm true,
Holding in my laugh as i say that i love you.
Saying no more, kissing you on the ear,
Whispering 'i love you and i'll always be here,
Although i always reminisce, i can believe that i found
A desire for true love floating around inside my soul
Because my soul is cold, one half of me deserves to be
this way
Until i'm old, but the other half needs affection and joy
And the warmth that is created by a girl and a boy
I need love i need love
I'm a lady
I need love.i need love
I'm a lady
I had a dream that you and i were both 16
Holding hands after school,
We didn't care who would see
You'd tell me that i was pretty and that you'd love me
for life
Take care of me forever 'cause you'd make me a wife
When the girls call me up and try to mess with my head
Tell 'em all that if i left you, you'd be better off dead
'cause you'll never love another, they just don't
understand
That your life would be over if i found another mate,
You call me up on the phone, we were talking til we fell
asleep,

Without you i'd rather be in hell
Life just wouldn't be as fun, it wouldn't be the same,
I wanna stay with you forever and even take your last
name
'cause there's no one in my life that makes me feel as
good as you
The way we cuddle on the couch and share the secrets
that we do
With all the little jokes that no one else could ever know
and the part of me
That you can see 'cause you're the one i show
I know we gotta make it work, 'cause baby you're the
man for me
Without you by my side my world would be incomplete
And if you ever leave me lonely, boy my heart would be
crushed
Right now i know that boy
I need love.i need love
I'm a lady
I need love.i need love
I'm a lady
I need love I'm a lady
