Such a sad story  
Broken down alone  
Broken down to my last dime  
No one I could turn to  
Nowhere left to run to  
I was almost out of time

You were the only one that ever caught my eye  
You reached out and took my hand  
And suddenly, I came alive

Oh, girl, you've found me just in time  
And I still can't believe you're mine  
Don't care that I'm a bit delirious  
I swear I'm gonna be just fine  
You saved me at the stroke of midnight  
Girl, you've found me just in time

It's only fair to warn ya  
I'm so crazy for ya  
Think I'm gonna lose control  
Cause every time I'm near ya  
Something in me breaks free  
Makes me want to rock and roll

And do you know I will never ever let you get away  
Now that we are together I intend to find  
The way to make you stay

Oh, girl, you've found me just in time  
And I still can't believe you're mine  
Don't care that I'm a bit delirious  
I swear I'm gonna be just fine  
You saved me at the stroke of midnight  
Girl, you've found me just in time

Imagine a world where there is never any pain  
That's what you are for me  
You give me what I'm looking for  
You're all I want and so much more

Oh, girl, you've found me just in time

And I still can't believe you're mine  
Don't care that I'm a bit delirious  
I swear I'm gonna be just fine  
You saved me at the stroke of midnight  
Girl, you've found me just in time

Who cares if I'm a bit too serious  
I know we're gonna be just fine  
You saved me at the stroke of midnight  
Girl, you've found me just in time

Oh, girl, you've found me just in time...  
Oh, girl, you've found me just in time...  
Oh, girl, you've found me just in time...
