Once upon a long ago
someone touched my
heart and soul, my life
You and I were meant to be
Was I just too blind to see
the light in your eyes?

(chorus)

Long lost friend
so good finding you again
I curse the fool I've been
for drifting away from you
Though I lost my way
you've been strong enough to stay
faithful to the end
Long lost friend

Seasons change and people too

I'm so glad that
I had you out there
Through the rise and
through the fall
Even when I'd lost it all
you cared like no one else

(chorus)

Though I lost my way
You've been strong
enough to stay
faithful to the end
Long lost friend

So good finding you again
I'll be faithful to the end
Long lost friend
