big sky look down upon the people
looking up at the big sky
everybody pushing one another around
big sky feels sad when he sees the children
scream and cry
but big sky's too big to let it get him down

big sky too big to cry
big sky too high to see
people like you and me
one day we'll be free
we won't care, just you see
till that day can be,
dont let it get you down.

when i feel that the world is too much for me
i think of the big sky
and nothing matters much to me

big sky looks down on all the people
who think they've got problems
the get depressed
and they hold their head in their hand
and cry
people lift up their hands
and they look up to the big sky
but big sky's too big to sympathize

big sky's too hard, youll find
though he would like to try
and he feels bad inside
big sky's too big to cry
one day we'll be free
we won't care, just you wait and see
till that day can be,
dont let it get you down.
