Mornin' has come, midnight is gone
Your pictures lit up by the rising sun
A new day is born, calmin' the storm
Or another restless night

I still hear the doctors words
So clear, in the atticts of my mind
Echoin' the fairs inside me
And all the tears that binds me
To our love

Thru the wind and the shadows
We walked on
And we kept on belivin'
The end wouldn't come

Life must go on, but I don't know how
Today and tomorrow
Life must go on, but I don't know how
Today and tomorrow
Yesterday's dreams are gone
Dead an' gone,
But they won't be forgotten
My love for you will live forever
All our time together, won't fade away

Thru the wind and the shadows
We walked on
And we kept on belivin'
The end wouldn't come

Life must go on, but I don't know how
Today and tomorrow
Life must go on, but I don't know how
Today and tomorrow

Mornin' has come, midnight is gone
