We will live again! Just leave it up to me  
We will rise again because actions speak louder than  
words, you'll see  
But we ain't gettin' nothin' for free  
So drink up one last time, let it soak in deep, let it clear  
your mind!

Chorus:

We don't give a fuck about your opinion! Only brute  
force and cruelty makes 'em listen!  
There's only one way this shit is gettin' done  
The ones on top eventually grow weak, they don't  
remember the struggle, only how to speak  
You'll thank me when you're free and when they're  
dead and gone... we've waited so long!

So we've made it to the top... now what in the hell do we  
do!  
If you wanna call it quits, I'll tell you what: we'll never  
stop, we'll carry on until we're through  
'Cuz we ain't got nothin' to lose  
So drink up one last time, let it soak in deep, let it clear  
your mind!
