(Steen)

Come on baby, I'm in love with you  
I can't get it off my mind  
I've been thinking I've been dreamin'  
'Bout this heart of mine

In a day we'll know, oh we'll know, yes we'll know  
'Bout a heart that's strong  
and a mind that is wrong  
Take my hand and see  
all the things you can be  
doodn doo doo doo doodn doo doodn doo  
doodn doo doo doo

Come on baby I'm in love with you  
I can't get it off my mind  
Mind's been foggy since I first spied that baby  
I can't get it off my mind

First the sun will shine  
see how bright the day  
Then the rains will come  
wash away, wash away  
All the blues will go  
oh we'll know, yes we'll know  
doodn doo doo doo doodn doo doodn doo  
doodn doo doo doo

Brighter day  
Come on baby
