I'm goin' to the theme park
Lookin' for a thrill
Gonna stay 'til they close it
'Til I get my fill
Spinning on a Tilt-A-Whirl
Nothin' like it in this world
Close your eyes and hold on tight
We can make it last all night

Can't wait 'til the summer starts
Goin' down to the theme park
Leave your cares in the parking lot
I lost my heart at the theme park
Can't wait 'til the summer starts
Leave your cares in the parking lot
Down at the theme park

I'm sliding down the Matterhorn
I'm falling through the floor
Flying on a fantasy
Everyone can find a dream
Gonna make you feel so fine
Take a ride on love tonight

Can't wait 'til the summer starts
Goin' down to the theme park
Leave your cares in the parking lot
I lost my heart at the theme park
Can't wait 'til the summer starts
Leave your cares in the parking lot
Down at the theme park
