Just for tonight  
If you stay with me, I have the right  
To all you give me, you have the choice  
Of blood or laughter I hear my voice  
The warm ain't after wondering why  
The stage is empty  
Can you look by  
They all that stamp me  
Why don't we try to fly so high again?

Just for tonight  
When I walk out into the burning light  
Open your heart and make me feel just fine  
'Cause I've got to know if you're with me  
Every way my song  
Just for tonight  
Show me the way to make the dream come true  
Got to make there  
I'll always take for you  
'Cause I need a moment to remember  
Everywhere I go, wo-oh, wo-oh, wo-oh, wo-oh

Just for tonight  
There's no tomorrow give me the right  
To steal your sorrow when I am gone  
The world will bring you back to our song  
I never sing you here is my face  
In all your phases leaving the trace  
Of all those places  
We know so well  
From nights we met before

Just for tonight  
When I walk out into the burning light  
Open your heart and make me feel just fine  
'Cause I've got to know if you're with me  
Every way my song  
Just for tonight  
Show me the way to make the dream come true  
Got to make there  
I'll always take for you

'Cause I need a moment to remember  
Every time I turn you  
Just for one night  
Send me the love and I'll hold you tight  
Make me a star and keep me shining bright  
I want you to know what I'm feeling  
Every way my song

Just for tonight  
Show me the way to make the dream come true  
Got to be there  
I'll always take for you  
'Cause I need a moment to remember  
Every time I turn you

Just for tonight  
Let me be tonight  
Let me be tonight  
Let me be...  
'Cause I got a moment to remember  
Every way my song

Just for tonight  
Show me the way to make the dream come true  
Got to make there  
I'll always take for you  
'Cause I need a moment to remember  
Every time I turn you

Just for tonight  
Oh baby

Just for tonight  
When I walk out into the burning light  
Open your heart and make me feel just fine  
'Cause I've got to know if you're with me  
Every way my song
