Prepare to meet your maker  
Your unmaker, your remaker make yourself  
Don't fake, you'll make the same mistakes  
And if you are fed up then ask yourself why

You sit around and pick at your scabs while your  
answer waits  
Wake up, nobody cares about what you think  
And don't blame them because you know they're just  
like you  
And if you get this then get the fuck up  
You can't remember why you can't live and you're too  
late too

Fuck it up, derelict  
Now suck it up and deal with it  
Find yourself, find yourself, find yourself

Set it if you get it  
All this confusion embedded in my head  
Should let the dead bury the dead for good  
I said, "I'm so vain", I don't understand

Why I can't just break away from tendencies that I know  
I should  
Wake up, nobody ever told you to breath  
Have we forgotten everything we thought once true?  
I think I'll move on  
'Cuz I can't stand to lay around and decay till I'm too  
late too

Fuck it up, derelict  
Now suck it up and deal with it  
Find yourself, find yourself, find yourself  
Yeah

[Incomprehensible]

Murder me destiny  
Murder me destiny  
Murder me destiny  
Murder me destiny

Murder me destiny  
Spare me the ignominy  
Give up insecurity  
Just be what you wanna be

Compelled to procrastinate  
I nearly go blind from sight  
Forget it insane  
I say come set it if you get it right

Set it if you get it  
Set it if you get it  
Set it if you get it  
Set it if you get it right

Set it if you get it  
Set it if you get it right  
Set it if you get it  
Set it if you get it right

Fuck it up, derelict  
Now suck it up and deal with it  
Find yourself, find yourself, find yourself  
Find yourself
