[Chorus]

I went to the enemy's camp  
And I, took back what he stole from me  
[2x]

Stand at attention, time to fight the battle for the Lord  
Destination enemy's camp, takin it back by the sword  
My reward, to be free from misery to see victory  
Defeatin the enemy wit my armory  
[Shalom] How is your destiny  
[Shalom] We got the victory  
See the victory is mine and the military is prime  
You get checked wit don't mess wit the divine life I  
shine  
You find that the gates of hell won't prevail  
You fail, all your wicked schemes gettin nailed  
I'm sick of all your names, I'm sick of the games you  
play  
You hear this you fear this, spiritual warfare I pray  
One day, Jesus comes soon and you're doomed  
Revelations, manistation, tribulations of your tomb  
You read it in the word, your kingdom is gonna fall  
We're goin down to the enemy's camp and we're gonna  
take it all

[Chorus]

Souljahs at war, ready for battle to come in and knock  
on the devils door  
Any enemy in our way is bound to fall pray to my  
savior, judgment day  
Any way, it's spiritual warfare so always be ready, and  
keep the sword steady  
Fight back, take it back, pray it back, [welcome to the  
enemy's camp]  
Take the message to school, to job, to turn don't except  
no defeat, [Satan's under our feet]  
Take it to your freinds, your family, your neighbors,  
except no defeat, [Satan's under our feet]  
Take your home, your money, your visions, your  
dreams, except no defeat, [Satan's under our feet]

Be bold, take care of plenty he stole, He's the light in  
the hell's fire, are you ready, let's go

[Chorus]

No matter clock on south wit a shout  
Straw horse get's broke like Jericho's no doubt  
Like the homie's rider cliq I'm surround, ready to clown  
Punks bout to sell out from a different side of town  
Couldnt hang out wit the King, steppin in the ring wit  
the redeemed  
Its all the same team, G O D Jesus Christ and the Spirit  
Unity the family  
That's comin strong, comin hard takin back what the  
devil done stole  
To the ghetto, that's where I go  
Nobody can stop me, pull me, drag me  
Wanna hit me wit a stick but I still won't quit  
Forever pack the holy scripts in the grip  
Now let me get the annointin, G O D flows like a river  
Can you deliever, make em all flee, can't you see  
The enemy tryin to creep, but you got the victory from  
the blood of calvary  
Now who are we

[Chorus]
