Everyday people are preyed upon  
Some fight, some fold, others play along  
But now it's not another story off the evening news  
Not just a stastic the warnings use  
Seventeen years and a dose of reality  
Two years back seems like yesterday  
Raped, tortured, robbed of pride  
Innocence lost- torn from inside  
So I step aside and flet life run its course  
A handful of predators driven by a darker force  
And there's nothing I could do  
I thought I knew you  
Feel, come into reason  
Feel, come into me  
Heal, feel, I wanna make you squeal  
It's payback time, though it hurts to repeal  
Cause I've tried so hard to make it stop  
But it lurks in my dream and lingers in my thoughts  
I couldn't talk, they wouldn't respect me  
So I told myself that it didn't effect me  
But it does, it hurts so much  
Now the mask is on- I've grown numb to touch  
(chorus)  
I want you to hurt like I still do  
You've taken so much that you can't replace  
I want the pain to come rolling through  
I want to see it rolling down your face  
I want you to hurt...like me  
Because time can only heal so much  
I want you to feel it you motherfucker  
I want you to feel it you fucking pig  
I want you to feel what I felt  
I want you to- feel
