Is this what you wanted?  
You got what you needed, all that's mine  
Take it or leave it  
(Take it or leave it)  
Everything's even, but what's left of my life?

Everything's wrong I know  
I can see it in your eyes again  
Taking control of my soul and my life

'Cause you take away  
You take away  
What more can you take?  
It feels like I've been here before

All that you do  
Seems to abuse  
You won't cut me anymore

I'm bruised and I'm bleeding  
(I'm bruised and I'm bleeding)  
It's kept me from seeing all your lies

You kill all that you touch  
(Kill all that you touch)  
But this time it's too much, it all comes around

Everything's wrong I know  
I can see it in your eyes again  
Taking control of my soul and my life

'Cause you take away  
You take away  
What more can you take?  
It feels like I've been here before

All that you do  
Seems to abuse  
You won't cut me anymore

Take away  
You want it

All from me  
You wanted it all

'Cause you take away  
You take away  
What more can you take?  
It feels like I've been here before

All that you do  
Seems to abuse  
You won't cut me anymore

'Cause you take away  
(You take away)  
You take away  
(You take away)  
It feels like I've been here before

All that you do  
Seems to abuse  
You won't cut me anymore

Take away  
You want it  
All from me  
You wanted it all
