I hear voices in my head
They council me, they understand
They talk to me

You've got your rules and your religion
All designed to keep you safe
But when rules start getting broken
You start questioning your faith

I have a voice that is my savior
Hates to love and loves to hate
I have a voice that has the knowledge
And the power to rule your fate

I hear voices crying
I see heroes dying
I taste blood that's drying
I feel tension rising

I hear voices in my head
They council me, they understand
They talk to me
They talk to me
They tell me things that I will do
They show me things I'll do to you
They talk to me
They talk to me

All the lawyers are defenseless
All the doctors are disease
And the priests all are sinners
And the police just take the grease

All the judges, you are guilty
All the bosses, I will fire
All the bankers will have losses
And politicians all are liars

I see darkness falling
I hear voices calling
I feel justice crawling

I see faith is falling

I hear voices in my head
They council me, they understand
They talk to me
They talk to me
They tell me things that I will do
They show me things I'll do to you
They talk to me
They talk to me

[Guitar solo]

I hear voices crying
I see heroes dying
I taste blood that's drying
I feel tension rising

I hear voices in my head
They council me, they understand
They talk to me
They talk to me
They tell me things that I will do
They show me things I'll do to you
They talk to me
They talk to me

They talk to me
