I heard it when you cried, And gave a quiet sigh
You don't need a tearfall, you don't need him at all
You don't know how much you mean, You mean the
world to me,
In the sky you are the star, Baby, baby you are.

Chorus:

Baby you are my Cinderella, Baby you are my love
forever
You're the kind of girl I thought I'd never have
Baby you are my dream come true, and my happiness
is you
You're a star, Baby, baby you are

Bridge:

It's not easy on the heart, When a love has come and
gone,
But I'll help you dry your tears, And I'll nurse your
broken heart
The funny thing about love, Is that it can never be
denied,
So won't you let me be your anchor hold, and I'll guide
you through the night And if you should ever fall, I will
hold you strong and tall
You're a star, Baby, baby you are.

Chorus:

Baby you are my Cinderella, Baby you are my love
forever
You're the kind of girl I thought I'd never have
Baby you are my dream come true, and my happiness
is you
You're a star, Baby, baby you are

Baby you are my Cinderella, Baby you are my love
forever
You're the kind of girl I thought I'd never have
Baby you are my dream come true, and my happiness
is you
You're a star, Baby, baby you are
