[I don't know about you, but I feel like dancing]

Cloud Nine, it feels like the right day
so let's just see if it's sure
I feel, that this is the right time
I believe, in love at first show

Half the time you've had me hypnotized
with the movement of your body in my mind
Two can shape, out there on the floor
The way you look girl, it makes me want you more

I think I'm helpless in your mind
the reasons why are twisted and unkind
Just take this chance
and show them that you're mine
Cause I believe there's more in life
so take me to Cloud Nine

I'll move away from here, What can I see
And Haven't I swore I'd never do
I live for you, What can I do
but you can get by, but that's alright

I see, a thousand tomorrows
just like the hell in your eyes
I feel, that this is the right time
I believe, in life at first show

You make me feel like living everyday
my love for you will never fade away
what I know could take you by surprise
when you finally get the message

I think I'm helpless in your mind
the reason why is twisted and unkind
Just take the chance and show them that you're mine
Cause I believe there's more in life
so take me to Cloud Nine

Everything, I need everything
A sweet release as we arrive

aching hearts in overdrive
anything in this whole world
all the talk we've overheard
every time they say we're bad
we want the things that we can't have

we want everything
we want everything
we want everything
we want every every single thing
oh yeah

I think I'm helpless in your mind
the reasons why are twisted and unkind
Just take the chance
and show them that you're mine
Let's have more of life . . .
so take me to Cloud Nine
