I'm gonna make you feel right  
Until the end of time  
I'm gonna make you seem bright  
Like a shining star  
Good love this is what I need  
Make you shiver and shake  
Good good loving  
Give me all you've got tonight  
Cum'on and open your eyes  
I can't get enough  
I'm gonna make you feel sad  
Between love and hate  
Seems like I've never been bad  
If it's not too late  
Gonna make you right  
Gonna make you shine
