Angel, such a pretty little angel
You know I'm gonna take the trip
To talk of love

Angel, such a pretty little angel
And when I take you for that ride
Well then you'll see just why I lied

Angel, such a pretty little angel
You know what happens
When I don't get my way
I'm like a devil in disguise
Driving up the skyway
So don't tell me
Where I've gone wrong
Cause I'm right here where I belong
The only thing that I've been told
Is gain the world and lose your soul

Angel, such a pretty little angel
My Angel, such a pretty little angel

You know what happens
When I don't get my way
Like the devil in your soul
Tearing up your skyway
See the light that hides in faith
Disappear without a trace
The only way to end your life
Is dive straight in and twist the knife
I can't believe the things I've done
And all the people I've become
I never want to live in chains
Let's just say I'd be ashamed
I can't believe the things I've seen
And all the evil in between
I never want to live the lie
Please believe it, why oh why

The dreams you held so close
Just seem to disappear
Temptation makes me weak

When I can feel you near
All the times you've made me cry
You know I never ask you why
Cause I fall upon the floor
I just can't take it anymore
Angel, such a pretty little angel
My Angel, such a pretty little angel
Angel, such a pretty little angel
My Angel, such a pretty little angel
