(oh, we don't know where we're going)
(and we don't know where we've been)
(we are the ugly sailors)
(and we're heading out to sea)

Time
Oh, if only I could reach out
I could tell you it was true
But who knows?
There's only one way

If I could forever
I'd count the times that you were true
And to take part in your downfall
We'll help me believe in a way out

Like a singer that can't singer
I got an angel without wings
You told me that you're free
Whatever that may be
In time
In time
(Time)

Nothing is lost after all
Mixing the great with the small
It's easy to see
If I could change the weather
I'd let the sun shine down on you
And find just what you're good for
Why do I feel like I do?.

Love's the greatest thing
I got an angel without wings
You told me that you're free
It's the only way to be
In time
In time
(Time)

Deeper and deeper
There's only one way

If I could live forever
And count the times that you were true (I can't get by
without you)
And to take part in your downfall 'cause I know just
what to do
(what can I say?)
(failing to be true)
(the devil sleeps beside you)

Love's the greatest thing
I got an angel without wings
Now, you told me that you're free
Whatever that may be
Love's the greatest thing
I got an angel without wings
Now, you told me that you're free
Whatever that may be
Love's the greatest thing
I got an angel without wings
Now, you told me that you're free
It's the only way to be
