

## Revenge "Knock Me Out"

Visit "[Knock Me Out](#)" on MotoLyrics.com

You were the fire of love  
You were searching  
For someone to love

You were the fire inside  
You were dreaming  
Of somewhere to hide  
No time to waste  
No pleasure left  
No one can make it  
The way that you want it

Knock me out  
Everyday  
Knock me out  
It's just another pain  
Knock me out  
Every way  
Knock me out, knock me out

I have been lost on my way  
I've been searching for  
Someone to love  
I wanted you deep inside  
Injuries seems to make me feel right

I was hungry tonight  
To make up your mind in your eyes  
I was hungry tonight  
I was hungry for love
