

## Revenge "Shake It"

Visit "[Shake It](#)" on MotoLyrics.com

Lost in the world  
No one else by your side  
"Hold on to what you believe"  
Feeling dispressed  
Don't know what to do  
"Hold on to what you trust in"

Good days gonna be  
Coming soon  
If there's something  
That you can't stand it more  
Got to

Shake it, shake it, shake it

If there's something  
That is bad  
You've got to

Shake it, shake it, shake it  
No one's gonna make it  
Just for you

Sometimes you're good  
Sometimes you're bad  
"Hold on to what you believe"  
Don't let your mind  
Lower and lower  
"Hold on to what you trust in"

You're dreaming of sometimes  
When love is so nice  
When the night is so sweet  
It's not so far  
If you really want it  
You have it on your smile  
And got to  
Shake it
