So you're standing on a ledge,
It looks like you might fall
So far down, or maybe you were thinking about
jumping
And you could have it all,
If you learned a little patience
For though I cannot fly,
I'm not content to crawl
So give me a little credit,
Have in me a little faith
I wanna be with you forever,
If tomorrow's not too late
But it's always too late when you've got nothing,
So you say
And you should never let the sun set on tomorrow,
Before the sun rises today

If I am,
Another waste of everything you've dreamed of, I will
let you down
If I am,
Only here to watch you as you suffer, I will let you down

So you're walking on the edge,
And you wait your turn to fall
But you're so far gone, that you don't see the hands up
held to catch you
And you could find the fault,
In the heart that you've been handed
But though you cannot fly,
You're not content to crawl
And it's always too late when you've got nothing,
So you say
But you should never let the sunset on tomorrow,
Before the sun rises

If I am,
Another waste of everything you hope for, I will let you
down
If I am,
Only here to watch you as you suffer, I will let you
down...

So you're standing on a ledge,
It looks like you might fall...

If I am,
Another waste of everything you've dreamed of, I will
let you down
If I am,
Only here to watch you as you suffer, I will let you down

The answers we find are never what we had in mind,
So we make it up as we go along
You don't talk of dreams, I won't mention tomorrow
We won't make those promises that we can't keep

I will never leave you
I will not let you down
I will never leave you
I will not let you down...
