This is a story of a girl
Who cried a river and drown the whole world
But while she looks so sad in photographs
I absolutely love her when she smiles

How many days in a year
She woke up with hope
But she only found tears
And I can be so insincere
Making the promise is never for real
Is long as she stands there waiting
Wearing the holes in the soles of her shoes
How many days disappear
You look in the mirror so how do you choose
Clothes never wear as well the next day
And your hair never falls in quite the same way
You never seem to run out of things to say

This is the story of a girl
Who cried a river an drown the whole world
But while she looks so sad in photographs
I absolutely love her
when she smiles

How many lovers would stay
Just to put up with this shit day after day
How do we wind up this way
Watching the mouths of the words that we say
As long as we stand here waiting
Wearing the clothes and the soles of her shoes
How do we get there today?
When we're walking to far for the price of the shoes
Clothes never wear as well as next day
And your hair never falls quite the same way
You never seem to run out of things to say

This is the story of a girl
who cried a river and drownd the whole world

but while she looks so sad in photographs
I absolutely love her

when she smiles

(Instrumental)

And your clothes never wear as well the next day
And your hair never falls in quite the same way
You never seem to run out of things to say

This is the story of a girl
Who cried a river
And drown the whole world
And while she looks so sad in photographs
I absolutely love her

This is the story of a girl
Who's pretty face she hid from the world
And while she looks so sad and lonely there
I absolutely love her

This is a story of a girl
Who cried a river
And drown the whole world
But while she looked so sad in photographs
I absolutely love her
when she smiles

When she smiles
