What will it take, to make you go away,
What will it take, to make you disappear,
Just leave me alone I don't think I can take
this anymore,
It's all your fault but I don't think
you'll understand,
I'm on the edge and I feel my body shutting
down,
My bodies shaking and I don't know what to
do,
One step closer and I think I might be falling,
Yeah what the hell I guess this is what you do,
Everything I do you have to prove I'm
wrong,
Every time I try to live you chain me up inside,
I feel I'm gonna break I've lived
like this too long,
If you don't leave I don't think
you will live for long,
I'm on the edge and I feel my body shutting
down,
My bodies shaking and I don't know what to
do,
One step closer and I think I might be falling,
Yeah what the hell I guess this is what you do,
Just make it go away,
I don't wanna be this way.
I'm on the edge and I feel my body shutting
down,
My bodies shaking and I don't know what to
do,
One step closer and I think I might be falling,
Yeah what the hell I guess this is what you do,
This is what you do,
This is what you do,
Just make it go away,
Just make it go away.
