Here we are again
And I don't know how long it's been
Since I've felt like this.
So give me just one kiss
Under the shooting stars we'll miss
So I can get my wish.

Then we'll wait
All night
For them to leave us alone.
And I'd wait
Forever
To be holding you this close.
And I'll dream
Of you
And how beautiful you looked tonight.

So hold me,
Don't ever let go,
Don't leave me alone.
You're the only one I really wanna get to
know,
So let's put on a show.

They think we're out of line,
Your skin against mine,
But I think it's just fine.
Whose to say that this is wrong,
Hell, look how well we get along,
And anyway they're too late,
Cause the deeds already been done.

And we'll do a little dance,
Make a little romance,
Then we'll do it all over again.
We'll be trying real hard,
No matter where we are,
To make up for all the lost days.
There'll be bite marks and stains
In every single place,
They'll wonder how we ever woke up.

And just singing this song
Is turning me on again.

So hold me,
Don't ever let go,
Don't leave me alone.
You're the only one I really wanna get to
know,
So lets put on a show.
