Got a hole in the wall and got nothing to do I've been
sitting here thinking all afternoon,
Got a bruise on my foot from kicking the chair I got
blood on my knuckles but I don't care,
Got one string left on my guitar from when I threw it on
the ground with my broken heart.

You said we'd make it,
You said we'd make it.

Whatever happened to you saying you would always be
there for me,
You'd never stop loving me,
I know he's probably standing right there saying
everything you wanna hear,
That you got nothing to fear.

But I do.

This comforter doesn't seem to comfort me it just feels
like needles over me,
This showers cold and I can't seem to find the need to
turn on the heat.

You said we'd make it,
You said we'd make it.

Whatever happened to you saying you would always be
there for me,
You'd never stop loving me,
I know he's probably standing right there saying
everything you wanna hear,
That you got nothing to fear.

What have I become,
My sweetest friends,
Everyone I know,
Goes away in the end.

You said we'd make it,
I thought we'd make it.

Whatever happened to you saying you would always be
there for me,
You'd never stop loving me,
I know he's probably standing right there saying
everything you wanna hear,
That you got nothing to fear,

And if I burned every beautiful thing in here it wouldn't
even touch you,
I know he's probably standing right there saying
everything you wanna hear,
That you got nothing to fear.
