Come this summer, I'll be gone.
I'll be further down this road I'm
walking on.
I'll be dreaming, every night
Of the day where once again I can hold you tight.

Remember me, Remember this,
Remember every time we kiss.
Remember the times, we'd fall asleep
And I knew you were mine to keep.
Ohhhhhhhh

It's getting closer, to that day,
I just need to hear your voice tell me you want me to
stay,
I cannot pretend, that I won't miss a thing,
But you've got to understand,
I'm doing this for me,

Remember me, Remember this,
Remember every time we kiss,
Remember the times, we'd fall asleep,
And I knew you were mine to keep,
Ohhhhhhhh

And everything while I'm away
Will remind me everyday
Of the tears you used to cry,
The times that we would lie,
The moments that were spent,
And everything they meant,
And nothing can replace
Everything you gave to me.

Remember me, Remember this,
Remember every time we kiss,
Remember the times, we'd fall asleep,
And I knew you were mine to keep,
Remember the games, we used to play,
And the stupid things we'd say,
Remember me, Remember this,
And I'll remember you.
