I still remember everything,
All the time I spent with you,
And every time you smiled,
I would feel it to,
But why does it have to be like this,
I never did no wrong,
You're buried deep within me,
And I can't seem to get you out,
I don't always do the right things,
But I know when I'm with you,
Everything is better,
Like something in this bitter world is true,
But why does it have to be like this,
I never did no wrong,
You're buried deep within me,
And I can't seem to get you out,
And your smile I still see today,
And your lips I still can taste,
You were a better part of me,
Then you took it all away,
But why does it have to be like this,
I never did no wrong,
You're buried deep within me,
And I can't seem to get you out,
Everything's a blur,
And I don't know what to do,
Cause nothing really matters,
Without you,
But why does it have to be like this,
I never did no wrong,
You're buried deep within me,
And I can't seem to get you out,
And your smile I still see today,
And your lips I still can taste,
You were a better part of me,
Then you took it all away,
