I wanna write the songs you wanna listen to baby,
Isn't it crazy, how you keep making my heart beat
faster and faster now,
I'm not the kinda guy who writes a sappy love song,
But what am I suppose to do when all these words I'm
thinking of are about you.

And I'll break down these walls to your heart,
You've become such a part of me,
Isn't it crazy the way you make me feel, it's so unreal,
We just met, but it's impossible to forget you,
And I can't believe I finally found you.

I wanna write the song that you wanna dance to and I
be the boy who asks you,
Like a perfect gentleman, dressed in the best, to show
you that you're better than them,
I wanna write a song that we both can laugh to, cause
that's the best part about you,
Seeing those bright blue eyes and that smile that I
would die for.

And I'll break down these walls to your heart,
You've become such a part of me,
Isn't it crazy the way you make me feel, it's so unreal,
We just met, but it's impossible to forget you,
And I can't believe I finally found you.

Woah, Woah,
Can you shake a little faster now,
Woah, Woah,
Can you feel our hearts beating faster now,
Woah, Woah,
Can you feel our lungs breathing faster now,
Woah, Woah,
Can you feel our lips getting closer now.

And I'll break down these walls to your heart,
You've become such a part of me,
Isn't it crazy the way you make me feel, it's so unreal,
We just met, but it's impossible to forget you,

And I can't believe I finally found you.

So hold on to your breath, cause you just might lose it
next,
Before you came around without you I was miserable at
best,
So hold on to your breath, cause you just might lose it
next,
Let's turn these lights down now; we're getting closer
now.
