Everyday is something different
But I try to work it out
Even though you tried to tell me
I'm still filled with doubt
Although you think you know me
I don't even know myself

I'm gonna take you
I'm gonna show you
The way to figure it out

(Chorus)
Whatever you say now
It's gonna come back to you
Whatever you throw down
It's gonna come back to you.
You'll never win this
No one can beat this
You're gonna be shut down
It's gonna come back to you

Every time to try to call me
Tell me what it's all about
'Cause I don't believe you baby
Why you gotta make me shout
You drive me wild and crazy
But I ain't given nothin' at all

I'm gonna take you
I'm gonna show you
The way to figure it out

(Chorus)
Whatever you say now
It's gonna come back to you
Whatever you throw down
It's gonna come back to you
You'll never win this
No one can beat this
You're gonna be shut down
It's gonna come back to you

It's gonna come back baby gonna come back
It's gonna come back baby to you
Yeah yeah yeah
It's gonna come yeah
Come back yeah... yeah
It's gonna' come back to you

(Chorus)
Whatever you say now
It's gonna come back to you
Whatever you throw down
It's gonna come back to you
You'll never win this
No one can beat this
You're gonna be shut down (shut down, shut down)

Whatever you say now
It's gonna come back to you
Whatever you've brought down
It's gonna come back to you
You'll never win this
No one can beat this
You're gonna be shut down
It's gonna come back to you

Comin' all back to you
Gonna come back, back, back to you
Yeah
