Conquered the ages... Self-control  
But, still, the bells of hierarchy are rung  
Old rituals raise flags... Command  
But I cannot understand  
These symbols are too old

Oh, will you face that day on your knees?  
Or make it your way?  
Stand up for your reasons...  
Get ready to fight me  
The devil's face is on your way!

I'll be burning  
Turning, growing  
Bleeding, learning  
Burning, turning  
Loading...'Cause I'm born from fire!

So far, we've been trying to deal with our fears  
These moments, I hate: they're always disturbing our  
minds  
So far, ideology has quarreled with traditions  
And all we could do: to take cover inside our hopes

Oh! Will you face the pain, face the fears?  
Don't fake a disgrace  
Stand up for your reason  
Get ready to taste:  
A thousand guns aim at your way!

So, be burning  
Turning, growing  
Bleeding, learning  
Burning, turning  
Loading...'Cause I'm born from fire!

Yeah... "Awake The Seraphim!"

Oh! Will you taste the pain on your knees?  
Or make it your way?  
Stand up for your reasons

Get ready to fight me  
The devil's face is on your way!

I'll be burning  
Turning, growing  
Bleeding, learning  
Burning, turning  
Loading...'Cause I'm born from fire

Burning, turning,  
Growing, bleeding, yeah!  
Burn!
